Routine Appointments

The practice operates an appointment system during normal surgery hours. You can book an appointment either by telephone, online or at reception. Please remember, appointments are 10 minutes long, and it is unrealistic to manage multiple problems in one appointment. If you have multiple issues to discuss, you may need to book a further review. A separate appointment is necessary for each member of the family wishing to see the doctor or practice nurse. You are free to arrange an appointment with any doctor but please bear in mind this may not always be with the doctor of your choice if booked at short notice.

Urgent Appointments

If you feel your problem is urgent, and you need to be seen on the same day, please let the Care- Navigator know when you call. Emergency appointments are dealt with each morning, so please phone at 8:00am. If you need an appointment on the day, the receptionist will ask some basic information about your problem, so the doctor can see the most urgent cases first. In urgent cases, we cannot guarantee an appointment with the doctor of your choice.

Cancellations

If you are unable to keep your appointment, please telephone the surgery as soon as possible to allow the appointment to be used for another patient. Please note that if you arrive more than 10 minutes late for an appointment, you will be asked to re-book for another day.

Home Visits

Home visits are reserved only for the very elderly, frail and housebound patients, and are based on clinical need at the discretion of the doctor. If you feel you need a home visit please contact reception team before 10.00am. The doctor may telephone you back to obtain more information. We expect children to be brought to the surgery where they can be seen quickly and examined in the most appropriate surroundings. Lack of transport or other inconvenience is not a valid reason for a house call. In such cases you may be offered a review at the surgery at short notice, if appropriate.

The receptionist will ask you for some details of the problem to allow the doctor to assess the urgency of the visit. Please remember that home visits are time consuming and should only be requested where medically necessary. If the patient has a temperature or a rash, coming to the surgery will do no harm and will not endanger others. Please do not request repeat prescriptions during home visits.

Out Of Hours Calls

If you require a doctor in a medical emergency outside surgery hours please ring the usual surgery number. A recorded message will give the number on the doctor on-call.

Prescription Requests

We regret that we cannot accept prescription requests over the telephone. Please ensure that you mark the items you require clearly by ticking the appropriate medication on the repeat request form, or order online. In order for us to process the large amount of requests each day, please note that 48 hours' notice is needed for repeat prescription orders. Please ensure that prescriptions needed over the weekend are ordered by Wednesday and are collected before the surgery closes on Friday evening.
